INFORMATION TASK 8 – RA5

Workplace Culture and Social Norms in English-Speaking Countries

Knowing workplace culture helps employees communicate effectively and behave professionally. English-speaking workplaces often value respect, equality, teamwork, and clear communication.

1. Hierarchy and Teamwork

Although there is usually a clear hierarchy, teamwork and collaboration are strongly encouraged. Employees are expected to respect their managers while also contributing ideas.

Example:
- During a meeting, an employee politely suggests an idea: 'May I suggest an alternative solution?'

2. Feedback and Problem-Solving

Feedback is commonly given in a constructive and indirect way. Positive aspects are mentioned first, followed by suggestions for improvement.

Example of feedback:
- 'You did a great job on the presentation. Maybe next time we could include more data.'

When problems occur, professionals are expected to remain calm and solution-oriented.

Example:
- 'There seems to be an issue with the schedule. How can we solve it together?'

3. Meetings and Professional Etiquette

Meetings usually start on time and follow an agenda. Participants are expected to prepare in advance and contribute respectfully.

Examples of meeting language:
- 'Shall we begin the meeting?'
- 'Could you clarify that point, please?'

4. Cultural Attitudes and Values

Equality and respect for diversity are fundamental values. Discriminatory or disrespectful behavior is not accepted. Professional environments value flexibility, responsibility, and a positive attitude.

Example:
- Respecting different opinions and working styles within a multicultural team.

5. Written Communication
Emails and messages should be clear, polite, and well-structured. Greetings and closing phrases are important.

Example of a professional email opening:
- 'Dear Mr Smith, I am writing to ask about the project deadline.'

Example of a professional email closing:
- 'Kind regards, Laura García.'
